

SOUTHSIDE ELECTRICALS PVT LTD

ABOUT US

Southside Electricals Private Limited is Leading Engineering Service Provider company founded in 2019 by a team of aspiring and enterprising professionals who have honed skills from their experiences with leading EPC companies in Tamilnadu. Southside Electricals Private Limited is incorporated in India with its Head Quarter in Chennai - INDIA. Company is involved in Engineering, Procurement and Construction of – Electrical, Engineering and Automation Projects across India.

OUR MISSION

Our mission is to achieve consistency in delivering high-quality and value-added services to the EPC sector by practicing absolute professionalism, timely execution and honesty and building trustworthy relationships with our clients. We are committed to environmental sustainability and exercise our social responsibility to contribute towards infrastructural development while adhering to the best industry standards. A part of our mission also focuses on the overall advancement of our employees and satisfactory benefits and returns for our stakeholders and affiliates.

OUR VISION

Our vision is to acquire recognition as one of the key players in the global construction industry by constantly contributing the supplies and services of the highest quality levels. We wish to evolve by taking inspirations from the best international industrial practices and adopting the latest technologies in the field. Our professional experts are highly encouraged to draw valuable experience from every project we work on. Innovation and timely execution are among the strongest pillars of our work culture which ultimately add value to our vision.

WHY SOUTHSIDE ELECTRICALS?

- ◆ Quality is a standard
- ◆ Safety is our culture
- ◆ Committed to clients
- ◆ High Competency level
- ◆ High Flexibility

AREA OF EXPERTISE

We are expertise in followings and providing services to our clients as per best in class standards

CONTRACTING & CONSULTING

- ◆ Electrical Systems
- ◆ Automation Projects
- ◆ Solar System
- ◆ Security Systems
- ◆ Turnkey projects

TRADING

- ◆ Solar Street Light (15W to 150W)
- ◆ BLDC Fan

ELECTRICAL SERVICES

- ◆ HT/ LT Line, Overhead & U/G Work
- ◆ Installation, Testing & Comm. of Substations
- ◆ Building wiring
- ◆ High Mast & Street Light
- ◆ Solar Plant Installation
- ◆ Solar Street Light
- ◆ Liasoning from TNEB
- ◆ Earthing System
- ◆ Electrical Control Panel installation work

ELECTRICAL SYSTEM STUDIES

- ◆ **Design and Engineering** - Layout (Equipment, Lighting & Grounding), Calculations (Short circuit force, Lighting, CT sizing, VT sizing, Breaker sizing, Busbar sizing, Surge arrester sizing, Grounding, Voltage drop, Shielding, Cable sizing), Cable quantity estimation, Single line diagram, Relay metering one line diagram, Equipment sizing and specification, AC / DC schematic preparation, Interface diagram preparation, Substation automation system, Drawing conversion and As-built drawing preparation. Power Factor improvement, Optimum Bus voltage study, Energy controller design and installation.
- ◆ **Equipment Failure Analysis** - MV Switchgear, RMU, Power cable, VT, CVT, Transformer failure, Bushing failure, Surge arrester, Capacitor bank and Reactor.
- ◆ **Renewable power solution (PV & Wind)** - Solar PV Equipment design specification and calculations, Switchgear sizing, Protection design, PV plant & Wind farm grid integration studies, Battery Energy storage study, Flexible AC Transmission System studies and Synchronous condenser studies.
- ◆ **Equipment specification** - GIS / AIS, MV Switchgear, LV Switchgear, RMU, Power cable, CT, VT, CVT, Power Transformer, Grounding transformer, Surge arrester, Grounding Resistor, Generator grounding transformer, Capacitor bank, Reactor, Harmonic filter, ATS, Battery, Lighting, Protection relays, Meters, Control cable etc.
- ◆ **Site support and Analysis** - Equipment data collection, Motor start current capture, Transformer ferro-resonance analysis, Excess VAR, Protection mis-operation and Control scheme mis-operation

OPERATION & MAINTENANCE

- ◆ Solar Power Plant
- ◆ Conventional Power Plant
- ◆ Substation
- ◆ Industries
- ◆ Commercial & Residential Building
- ◆ Educational Institution
- ◆ Hotel
- ◆ Hospital, Etc.

- Facilities Management Support
- Annual Maintenance Contract
- Predictive, Preventive Maintenance & Corrective Action
- Technical Manpower Assistance
- Asset Management & many more

AUTOMATION

- ◆ Home Automation
- ◆ Industrial Automation
- ◆ Hotel Automation
- ◆ Commercial Building Automation

- No Rewiring-Retrofit and Touch Switches
- App control & Voice Control
- Control anywhere from the world
- Schedule your Routine
- Energy Savings
- Budget Friendly

MAJOR PROJECTS

- ◆ Madurai to Tuticorin Railway Doubling project at RVNL
- ◆ Madurai to Bodinayakkanur Railway Electrification project at Southern Railway
- ◆ 110KV Substation projects, Samayanallur at RVNL
- ◆ 220 KV Substation Projects Virudhunagar, Tamilnadu
- ◆ 110KV Traction Substation work at Southern Railway
- ◆ 33KV UG Cabling Projects at KKNPP, Tamilnadu
- ◆ 22KV UG cabling projects at Salem, Tamilnadu
- ◆ Thiruvavarur Traction Substation Lighting project, Tamilnadu
- ◆ Dalmia Bharat Sugars and industries limited, Tamilnadu
- ◆ 33 KV GIS Substation Projects, Gangaikondan, Tamilnadu
- ◆ 220 KV Substation, Tirunelveli, Tamilnadu
- ◆ 66/33 KV Substation, Hospet, Karnataka
